

STETSON - Original COLONGE 3,5 FL OZ

The original Western fragrance for men, Stetson Original embodies rugged independence and is made for frontier spirits. Headstrong at first, with bold notes of citrus and sage, it settles into an easy, woody swagger. In time, its warmth and depth emerge, as temperate as the western wind.

Four decades after its iconic debut, the next generation of Stetson Man is ready to saddle up and discover a true American Original, accompanied by an original campaign starring actor and musician Luke Grimes.
